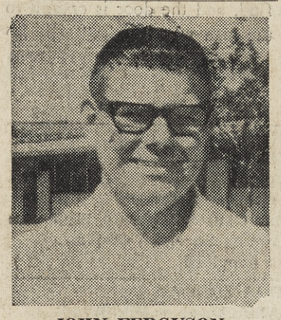
S.V. Youth Is Semifinalist For National Scholarship



JOHN FERGUSON

John Ferguson, son of Mr. and Mrs. Bruce P. Ferguson, 10015 Cristobal Dr., Spring Valley, has been named a semifinalist in the 1965-66 Merit Scholarship Competition.

Ferguson, a senior at Monte Vista High School, was among the highest scoring students in the State of California in the National Merit Scholarship qualifying test administered in more than 17,600 schools throughout the country in March, according to Stanley McClintic, principal of Monte Vista.

To become a finalist John must take another examination, submit recommendations from his high school and fulfill some routine requirements. The 1966 merit scholars will be selected from the finalist group.

97% Qualify

At least 97 percent of past semifinalists have become finalists. Each finalist receives a certificate of merit in recognition of his outstanding performance in the program. Finalists are eligible for scholarships sponsored by National Merit Scholarship Corporation and over 280 corporations, foundations, colleges, unions, trusts, professional associations, other organizations and individuals.

Names of the merit scholars chosen from among the finalists will be announced in April. The exact number will depend on the extent of sponsor support. In 1965 over 2,000 merit scholarships were awarded.

Selection as a merit scholar is based upon the student's high school grades, creative accomplishments, leadership qualities, extracurricular activities, and school citizenship, in addition to test scores.

Since the program's inception in 1955 more than 11,000 Merit Scholarships have been awarded. About $42-million in financial assistance to merit scholars and their colleges has been expended or committed through the program so far.

Assessments Known To McQuilken, Says D.A.

SAN DIEGO (CNA)—County Tax Assessor John McQuilken "has known for more than four years that false property statements were being filed in his office," District Attorney Don Keller reported to the County Board of Supervisors by letter this week.

Keller said he wrote the supervisors in anticipation that McQuilken, at his scheduled appearance before the board Sept. 27 to answer questions regarding his office operations, will refuse to answer on the basis he has no information.

Keller said he wants to impress the board that such a refusal would be "without substance and should be rejected by your board as unjustified."

The district attorney pointed out that Keller has refused to answer previously on the same basis and that Keller's office, in fact has supplied McQuilken with information regarding alleged irregularities in the assessor's office.

"All Information"

"McQuilken is and has been for approximately two months in possession of all information which could possibly be necessary for him to answer questions by the board concerning filings in his office and accepted by him and his staff of false affidavits of personal property declarations presented by tax consultants representing clients having assessable personal property in San Diego County," Keller wrote the board.

"In fact, information now available to us indicates that Mr. McQuilken has known for more than four years that incorrect and false property statements were being filed in his office," Keller wrote. "He has audited one of the clients represented by Desmond, Dawson, Van Cleve and Tooke and has found that filing to have been false. He was shown another false filing on Aug. 16. The assistant chief of the property division has informed me that although all other clients of this tax consultant were known to the assessor's office, no further audits have been undertaken by the assessor."

Real Estate Beauty Is Profitable

A lot of imagination went into a new residential development near here and the developers may have set a style that can do away with the "sea of rooftops" concept.

The development is the Village Green by the Fletcher Co. on the north side of the high hills between here and El Cajon where the firm cut 54 lots out of a 14-acre tract.

What's unusual about it is the landscaping and parks. They belong to the lot owners.

As Mike Fletcher explained it to a group of newsmen the other day, it took a change in the state real estate code and El Cajon's building code to build into the subdivision two acres of landscaped parks with Village Green property owners also owning a corporation which owns and maintains two Village Green-type parks and all the landscaping.

One of the park features is a huge, tilted, saucer-shaped concrete slide advertised as the "widest slide in the world." There is also an indestructible log fort which will handle all the young Daniel Boones living in the development. The parks are planned so that families without youngsters may choose a location with a street separating their homes from the active park areas.

Even the cul de sacs—three of them—are landscaped. What's more, there are eight parking spaces in the landscaped center of each turn-around—which, until now, was considered an impossibility.

El Cajon permitted a reduction in front-yard setback (there are no front sidewalks) and the space thus saved went into a meandering back trail connecting the parks.

Fletcher said that when the concept was first proposed it got a comparatively cool reception from lending institutions. Using valuable land for green spot buffers under residential ownership had never been tried before.

"I might as well let you in on a trade secret," Fletcher

State Department Applicants Sought

Young men and women in the 37th District were reminded this week by Rep. Lionel Van Deerlin (D.-S.D.) that a written examination for Junior Foreign Service Officer will be offered Dec. 4 by the Department of State.

Applicants who will be 21 or under 31 years of age on that date, and who have been citizens for at least 7½ years are eligible. Also, a 20-year-old is eligible if he has a bachelor's degree or has completed his junior year.

Applications are available through Van Deerlin's office in the U. S. Post Office Building in San Diego. Completed application forms for the examination must be postmarked not later than Oct. 18. Applications should be sent to the Board Service, Department of State, of Examiners for the Foreign Washington, D. C., 20520.

The Department of State, Van Deerlin said, needs candidates trained in such specialities as budget and fiscal work, management, labor relations, law, banking and finance and foreign trade, as well as in the traditional fields of political science, history, government and the liberal arts.

Options are offered on the examination in history, government, social sciences and public affairs, administration, economics and commerce.

Thief Takes Some, But Leaves Some

Takes Some, Leaves Some

For the fifth time in three or four months someone took some money and left some money from a hiding place in a desk drawer of the Lemon Grove Glass Co., 7577 North Ave., it was reported by an employe, Edwin R. Whitting.

Whitting told officers that late Friday night or early Saturday morning someone took ten one-dollar bills and left a five-dollar bill. He said each of the other times the "borrower" has shown the same lack of greediness by leaving some money.

Officers reported entry was evidently gained by someone with a key, as there were no signs of a forced entry.

Poses As Repairman

Rosie Marcella Sikes, 3159 Florence Dr., reported that a man posing as a representative of a repair shop tricked her 12-year-old daughter into allowing him to take a sewing machine out of its cabinet to steal it.

The man came to the house and told the girl he had come to pick up the machine for repair. He had the girl get him a screwdriver to remove the machine.

THEY LOVE A PARADE — These early-bird paraders were all ready days ahead of time with their costumes for Saturday's Kid's Day Parade in Lemon Grove. They are (l to r) Barbara Reynolds, as a clown; Carol Brumbaugh, as a rabbit; Beverly Reynolds, as Mary Poppins; and the Barbara Brumbaugh, as Bert in "Mary Poppins." The annual parade, sponsored by the Lemon Grove Kiwanis Club, will start at 1 p.m. and will feature free ice cream for all the children afterward.

Parade And Ice Cream To Highlight Kid's Day

The Lemon Grove Kiwanis Club will hold its annual Kid's Day project Saturday. It will kick off with the Kid's Day Parade at 1 p.m. The parade will include units of the Lemon Grove Fire Department and three of the top bands in San Diego County, Mt. Miguel High School Band, Helix High School Band, and Lemon Grove Junior High School Band.

Trophies will be awarded for first, second, and third place in three categories in the parade—costumed entries, wheeled entries (other than bikes), and bike entries.

"No horses" will be allowed as entries in the parade. Miss Lemon Grove, Dianne Wyatt, will participate as an entry in the forefront of the parade.

Trophies for the parade competition will be awarded immediately after the parade. Entries are requested to stay for the awards. Trophies for the bands and for Miss Lemon Grove will be awarded at the Sept. 29 meeting of the Lemon Grove Kiwanis Club at Michael's Restaurant to representatives of each.

Movies Also Planned

Following the parade, at 2:15 p.m., there will be movies in the Lemon Grove Junior High auditorium for children up to six years old. Athletic events for boys and girls in age groups will compete for trophies to third place.

A Skate Board exhibition will be held at the tennis court area at 2:15 p.m. The skateboard competition originally scheduled has been eliminated because of insurance problems.

Free ice cream will be provided for all children after the parade.

Executives in charge of the parade are: Bob Sutten, Kid's Day; Bob Howell, parade; Jim Terry, movies; Jimmy Johnson and Hal Brogan, athletic events, and Stan Rogers, ice cream.

They will be assisted by other members of the Kiwanis Club. Kid's Day, and other Kiwanis community activities, is made possible by community participation in Apple Days and the annual pancake festival.

LEMON GROVE'S STREETS presented some unusual sights when last week's rains made lakes out of holes. Here on Lester Street neighborhood children had a ball sailing boats on this "lagoon." On the bank, (l to r) are Anselmo (Junior) Camacho, Mike Rich and Rebecca Camacho, all of whom live in the neighborhood. Apparently doing a bit of swimming is Tini Camacho. Sprinkles here accounted for .42 of an inch of rain last Thursday, Friday, and Saturday. Earlier this month .03 fell, bringing the season's rainfall total to .45 of an inch.

Go-Go Girls Remain Topless

SAN DIEGO (CNA)—Second District Supervisor Henry A. Boney Tuesday dropped his efforts to find a method to control the coverage of topless go-go girls.

He gave the Board of Supervisors a letter from Sheriff Joseph O'Connor in which Vice Sergeant W. F. Robbins said that the three active go-go establishments in unincorporated territory have not presented any particular police problem. The letter said the places are making every effort to operate without police problems.

Boney said that the board should not take further action not merely because of the opinion of County Counsel Bertram McLees questioning the board's powers in the field. He said that he will continue to support state measures to return restrictive control in the field of sexual morality to local jurisdictions.

'White Cane' Days Readied By Lions

The Lemon Grove Lions Club will hold its annual White Cane Days Oct. 1 and 2, it was announced by William Byrd, chairman of the event.

The Lions Club has sponsored White Cane Days in Lemon Grove for the past 15 years, Lions Club president Charles Montgomery said this week.

Proceeds are used for the local club's blind and sight-needy projects. The club equipped an eye room at Grossmont Hospital as a result of past White Cane events.

This year proceeds will go to the Lions Sight Preservation Clinic in the Blind Recreation Center, on Upas St., San Diego.

The purpose of the Clinic is to provide visual care for those in need who otherwise might not qualify for assistance. The aid is made possible through the combined efforts of the Lions Club of San Diego and the San Diego Optometric Society.

Eye examinations are performed free of charge. However, if glasses are prescribed, there is a nominal fee charged to the patient. The source of income, other than the fee imposed on the patients who need glasses are monthly donations made by ten Lions Clubs from San Diego County.

KIWANI-ANNES TO MEET

The regular meeting of the Spring Valley Kiwani-Annes is scheduled for Monday at 7:30 p.m. at the home of Dr.and Mrs. (Tom and Karna) Webster, 9600 Alto Dr., La Mesa. Mrs. Frank (Lucile) Berger, will preside.

Horse Zone Change Rejected By Sups.

SAN DIEGO (CNA) — Over 300 San Diego County horsemen and women jammed the two meeting chambers at the County Administrative Center Tuesday only to find that they were there to beat a dead horse.

The Board of Supervisors quickly denied an ordinance change that would have added a new class of stable to the present two, that is, breeding as well as public and private.

The board's motion included the formation of a committee of representatives of organizations of horsemen, breeders and the Farm Bureau to work with the Planning Department to see if changes in the ordinance are necessary and, if they feel so, then to work out the terms.

The horse owners were alarmed that the law changes would class small breeding operations as breeding stables and force them to stop operations unless they had eight acres of land.

Intent Explained

County Counsel Bertram McLees explained the intent of the ordinance to the skeptical crowd. He said that it would have allowed breeding stables which are now under the classification of "public stables" in A-1, A-2 and A-3 zones without a special use permit which public stables must obtain.

The supervisors had obviously already made up their minds to kill the change in the form that was presented and while the audience applauded the action, the chambers were cleared slowly as if the fight had been won so quickly that the fans did not get their money's worth.

Pernicano Runs Third

Lemon Grove's contribution to San Diego city politics ran third in Tuesday election.

Allen Hitch, the incumbent, drew 7,141 votes and William McKinley polled 2,558.

The results were semi-official totals which included absentee ballots, the registrar of voters said.

Gov. Brown Expected At Gigliotti Banquet

Dr. Frank Gigliotti, one of Lemon Grove's leading citizens, said Monday that Governor Brown had given him a promise that he would attend the banquet honoring Gigliotti Oct. 2, if it were at all possible.

Governor Brown said that he is committed to a meeting of governors at Monterey on the afternoon of the day but he would attempt to cut the meeting short and fly to San Diego to take part in the banquet, Dr. Gigliotti said.

The banquet is being sponsored by the Lemon Grove Kiwanis Club and will be held at Balboa Club building in Balboa Park. The Kiwanis Club, marking the international organization's Golden Anniversary, named Dr. Gigliotti "Man of the Year" earlier. Paul Reynolds, club president, has set the theme "My Dream for America."

Reynolds said that as many as 1,000 persons are expected to attend the banquet including dignitaries from Washington as well as Sacramento. Supreme Court (California) Judge Alfred Paomessa of San Francisco, who is Dr. Gigliotti's cousin, will participate.

The presentation will be a modified This Is Your Life-type program with Kiwanian Stan Rogers in charge. Overall master at ceremonies will be Bud James, County Clerk.

Local dignitaries who will take part include the Rev. Frank Lowe and Department Store owner George Scott.

Tickets are available at the office of the Lemon Grove Review and from any local Kiwanian. Cost of the tickets is $3.50.

Several persons will give two-minute reviews of segments of Gigliotti's life. He is said to have been a friend and confident of every President since Warren Harding. There will also be a display of mementos he received while pursuing his duties.

Gigliotti, a minister, has been active in state, national, and world affairs. He was an official with the Office of Strategic Services during the war, and helped write the freedoms into the Italian Constitution following the war. He has been active in state welfare and youth programs. Recently, he was in charge of a program by which confiscated Masonic properties were reclaimed in Italy.

They have been assigned to serve as Jehovah's Witnesses in Colombia.

Students from all over the world attend the school. One such student is Teodore Griesinger of Venezuela. He is pictured with Mr. and Mrs. Harris in the photo above. They are inspecting one of the older publications of the school's 10,000-volume library.

Intensive language instruction was also given in Spanish, French, Japanese, Chinese and Portugese.

The course provided each day for a half-day's classroom activity and a half-day's practical training in some phase of operation of the Watch Tower Society's two large printing plants and the two buildings which house the offices of the Society and the school and provide living quarters for the students as well as for the 694 members of the headquarters staff.

The Harrises are being sent to Colombia on special assignment. In all, the 108 students are being assigned to 42 different lands.

POOL WATER NO GOOD

Don't irrigate those ornamental plants with swimming pool water, reports Jim Breece, University of California farm advisor. Swimming pool water is often treated with chlorinating chemicals to keep water sanitary and clear. This addition causes a continuous build up of soluble salts in the water.

These salts remain in the water and there is no practical means of removing them. Excess soluble salts around the plant roots will cause foliage burn, stunted growth, or death of plants.

The DIMMER VIEW

(Continued)

said. "When we got the development down on paper we found we actually had more lots than we would have had if we had followed the time-tested "sea of rooftops" concept."

All of this is reported here in hope that other developers will add some imagination to their product. Not only will it lend to the beauty of the community, but, as Fletcher pointed out, "it's more profitable."

Three Views Of Welfare

Except for some welfare recipients, almost everyone wants some sort of relief from the senseless administration of public aid programs.

The need for a change was recently voiced by three California counties.

In Los Angeles County last month, a long and rambling resolution was passed by the Board of Supervisors revealing the low state of opinion these lawmakers have for the public assistance administration. The resolution:

1. Supports the principal of public aid by which recipients may become self-supporting but objects to welfare staff increases not required for achieving this purpose.

2. Objects to the Director of Social Welfare's statement that he will take over the administration of the welfare programs of a county that does not follow his directions since no noticeable simplication of welfare programs or procedures has materialized to date.

3. Asks that the State Director of Social Welfare be stopped from issuing directives in conflict with the will of the Legislature (such as proclaiming full-time farm laborers part-timers so that they could qualify for financial aid.)

In Alameda County, citizen organizations and civic leaders considered:

1. Making State Government directly responsible for administrations of all welfare programs and what's left of General Relief.

2. Restricting State programs from exceeding Federal requirements.

3. Forbidding State from setting eligibility requirements for county hospital without county consent.

4. Building in safeguards to assure that savings made by counties are passed back to the property taxpayers.

In El Dorado County a Taxpayer's Association sent questionnaires to 500 people regarding to welfare policy and spending. Here are some of the questions and answers:

Q: Is too much money being spent (on welfare)?
Yes 89%, No 5%

Q: Should welfare be enlarged or reduced in scope?
Reduced 87% Enlarged 3.6%

Q: Do you think an unemployed parent should be required to take employment when it is available?
Yes 98.6% No 0.4%

Q: Do you favor local control over welfare costs?
Local control 84% State control 11%

Q: Where property owners are on welfare, do you think that part of the costs should be recovered by a claim on the estate of the recipient?
Yes 65% No 20%

In the above studies, the difference between the percentage totals is the number saying "no opinion."

The three approaches to the welfare situation shows that there is so much befuddlement in local government that State and Federal governments can have their own ways in these matters.

It follows, then, that programs will grow more out of control before something is done about them—if ever.

A bright spot is that of the El Dorado taxpayers who object strongly to what's going on. However, they haven't been able to supply solutions to the problems.

High Labor

North Carolina's crab meat processing industry is threatened by the new federal minimum wage of $1.25, packers say. Because of the amount of labor required to prepare the meat, cost of production has soared. Many plants have already shut down.

Canada has a nationwide soil - water conservation program.

Eigo's Speech Brightens Club

James G. Eigo, vice president of Land Title Insurance Co., told members of the Lemon Grove Men's Club Friday to "do something."

"You won't stub your toe if you don't do anything but it's better to stumble than to be in ignorance," he said.

He urged members to ask "why not " when a new concept appears.

He said that most everyone fits in one of three categories. "There are those who make things happen, and those who watch things happen. Then there are those who don't know what's happening."

The speech was one of the brighter ones given at the club this year, members agreed.

The program Friday will be on the proposed new stadium.

San Diego Mayor Frank Curran has been scheduled to talk to the club in November.

The group meets every Friday at noon at Michael's for a no-host luncheon.

Scout Camporee To Start Friday

The Annual Grossmont District Camporee will be held Friday and Saturday at the Mataguay Boy Scout Reservation.

Grossmont Camping Chairman Troy Joplin said approximately 40 troops will participate. A total of nearly 500 Boy Scouts and Explorers is expected.

The Camporee is the major district-wide event for the Scouts. Events that each troop's patrols will participate in will include basic scouting skills, such as compass course and knot-tying.

Leo Carson, district commissioner, will head up the inspection teams along with Reno Wheatcraft, health and safety chairman. Patrols will be judged on Scout skills, Scout spirit and participation.

Coordination of activities and physical arrangements will be handled under the direction of Cecil Romdahl, also on the camping committee.

Registration will begin Friday at 4 p.m. Scout skills and activities will run throughout Saturday with the Camporee concluding Saturday evening around the campfire.

Club Slates Narcotics Talk

Narcotics will be the topic of Sgt. William F. Robbins, San Diego Sheriff's Department, when he addresses the Lemon Grove Woman's Club this week on Friday at 1:30 p.m. at the clubhouse, 2810 Main St.

Mrs. William Sayward, first vice president and program chairman, will present Sergeant Robbins. Mrs. Sayward is also serving as narcotics chairman for Southern District 26, California Federation of Women's Clubs.

Wednesday has been set for a "Pastries for Safety" smorgasbord dessert luncheon and card party at noon in the clubhouse. Proceeds will go toward a community project in safety to be held in November.

Mrs. Ralph Culver, safety chairman, will be chairman of the day.

Reservations are being taken by Mrs. Culver, Mrs. Sayward, and Mrs. Orville Reese.

U. S. Crop Reporting Board estimates that in June 1965 there were 15,566,000 milk cows in the U. S., 3% less than a year earlier.

Number of farm households in U. S. as of March 1965 is 3,350,000 down from the 4,100,000 figure of 1960, says Census Bureau.

Ever given thought to the number of telephones in the U.S.A.? More than 90 million.

Surprisingly enough the La Mesa exchange serves over 58,000 telephones — a good number in itself.

More interesting, however, is the tremendous rate of growth. In La Mesa we added 1561 phones the first six months of this year. Comparing this amount with the 215 we had in 1915 gives an insight to the ever increasing demand for telephone service. Here are some vital statistics that show us how the 215 phones grew to 58,259.

Year	No. of telephones
1925	403
1935	719
1945	2,927
1955	22,240

Anyone care to guess the number in 1975?

When President Johnson signed the 1965 Excise Tax Reduction Bill he stated its purpose: to help America grow by creating lower prices, more sales, more production, more jobs. As part of this bill, the 10% Federal Excise Tax on phone service will be removed in four stages: Beginning January 1966 it will be cut by 7% then by 1% each year until it is eliminated in 1969. The President said the Excise Tax reduction will make its maximum contribution to the country's economic health only if full amount is passed along to consumers. The reduction in Excise Tax will be reflected in your telephone bill in January, which I'm sure comes as good news to you.

ACCOUNTANTS' REPORT

The Board of Directors
Grossmont Hospital District:

We have examined the balance sheet of the Grossmont Hospital District for the year ended June 30, 1965. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In accordance with practices common to hospitals which rely upon government support for capital improvements, the hospital keeps its accounts on the accrual basis and does not provide for depreciation of its basic hospital plant. However, a cash reserve is provided for the purchase or replacement of moveable equipment at the annual rate of 10% of the cost of the equipment.

In our opinion, the accompanying balance sheet presents fairly the financial position of each fund of the Grossmont Hospital District at June 30, 1965, in conformity with the above-mentioned basis, which is consistent with that of the preceding year.

The average rate you pay for gas and electricity today is less than it was 30 years ago.

Yet the cost of living is 230% of what it was then. (See graph below) During these years, of course, many wonderful new uses for gas and electricity have been developed. Today, an average household uses 4 times as much gas and 6 times as much electricity as it would have back in 1934. But the combined average unit cost of this service is actually less. Why? The application of improved technology...increased efficiency of modern equipment...and greater use have all resulted in lower costs to our customers. And, you can be sure SDG&E plans to keep its rates among the lowest in the nation. Right now, we are engaged in new projects and new programs that will help us do it.

Graph shows the rise in cost of living (Bureau of Labor Statistics Cost of Living Index) from 1934 through 1964 as compared with the combined unit costs for gas and electricity from the San Diego Gas & Electric Company over the same period.

PTA Board Sets Budget For Jr. High

The first executive board meeting of the Lemon Grove Junior High PTA was held Monday in the school's home-making room. Mrs. E. M. Villarino presided.

The 1965-1966 budget was submitted by Ann Jones, treasurer, to be approved by the unit at their general meeting in October.

Mrs. S. C. Brumbaugh Jr., program chairman, outlined the program schedule for the [illegible] year and asked the board for their approval.

Mrs. R. J. Corkum, room representative chairman, is busy selecting room mothers for the grade sections, and teas are being planned for the end of the month. Mothers in each grade will have an opportunity to become acquainted.

Hostesses for the evening were Mrs. J. W. Forror and Mrs. Villarino.

The first PTA meeting will be held in the school auditorium Thursday, Oct. 21 at 7:30 p.m.

September is Better Breakfast Month, ideal for utilizing more eggs, milk cereals, fruits and breakfast meats.

RAMBLIN'

WITH ED LOOP

I phoned one of our favorite salesmen, Irv Cooper of the Frankel Carbon and Ribbon Co., in Denver the other day. He's been in California for 17 years and recently moved to Denver. When I talked with him he wasn't too articulate; the weather had him. I gathered from his conversation that it was either 18 degrees below or 18 degrees above or there was 18 inches of snow on the ground. Anyway Irv was cold, but he has a nice promotion to keep him warm. He is now national sales manager for the Frankel Company. We sell the Frankel line of carbons, ribbons, ditto masters, mimeograph stencils and reproduction papers, and they are the finest made in the country. Grove Office Supply & Equipment Co., located at 7890 Broadway in Lemon Grove can furnish you with all these products. Call us at 463-4494 for any of your office needs.
